

Step 1 — Scope, Users, Pages & Acceptance Criteria

Project Summary

Project Team 13 — Habit-Tracking App

- Users set goals (exercise, water, reading, sleep).
- Track daily completion & streaks.
- Visualize progress with charts/dashboards.
- Mobile-first, responsive for desktop.

Goals / Success Metrics

- Add/edit habits + daily check-ins in <30s.
- Streaks motivate daily engagement.
- Charts make trends clear at a glance.

Personas

- 1 Sarah — Busy Parent (primary)**
 - Age 28–38, checks in quickly during the day.
 - Needs reminders, fast check-in, streak motivation.
- 2 Alex — College Student (secondary)**
 - Likes analytics + dark mode.
 - Sets study goals, tracks weekly progress.
- 3 Maya — Health-focused Adult**
 - Cares about long-term data, exports progress.
 - Uses charts & history often.

Core Pages & Acceptance Criteria

- 1 Login / Register / Forgot Password**
 - Fields: email, password, remember me.
 - AC: User can log in and land on Dashboard.

- 2 Onboarding (first-time setup)**
 - Select habits + set targets, enable reminders.
 - AC: User finishes setup and sees Dashboard.
- 3 Dashboard (today view)**
 - Habit cards (progress knob/checkbox), streak badge, summary chart, “+” button to add habits.
 - AC: User can mark a habit done, streak updates, habit detail opens.
- 4 Add / Edit Habit (form)**
 - Fields: name, icon, target, frequency, reminders, color.
 - AC: Form validates/saves; new habit shows on Dashboard.
- 5 Habit Detail / Daily Check-in**
 - Quick log buttons (+1 glass, etc.), history, edit/delete.
 - AC: User can log and review habit progress.
- 6 Progress / Analytics**
 - Charts: line (trend), bar (weekly counts), donut (completion).
 - AC: Charts filter correctly by habit & time range.
- 7 Streaks / Calendar View**
 - Calendar with check marks, longest streak shown.
 - AC: Calendar displays last 30–90 days + streak count.
- 8 Settings / Profile / Notifications**
 - Manage reminders, export data, account info.
 - AC: Updates persist correctly.

Component Inventory

- Navigation
- Habit card (title, icon, progress ring, action)
- FAB (“+” add habit)
- Modal (Add/Edit habit)
- Form elements (input, select, time picker, toggles)

- Calendar grid (day cells, streaks)
- Chart placeholders (line, bar, donut + legends)
- Badge (streak), Snackbar/Toast, Empty states

Visual Style (starting point)

- Grid: 8px layout, single column (mobile), 2-col desktop.
- Typography: Inter or Roboto.
- Palette:
 - Primary: #2F80ED (blue)
 - Secondary: #27AE60 (green)
 - Neutral dark: #222222
 - Background: #FAFAFB
- Accessible high-contrast text (WCAG AA).

Example User Stories

- As a user, I want to **add a habit** so I can track it daily.
- As a user, I want to **mark a habit done from the dashboard** so streaks update immediately.
- As a user, I want to **see a 7-day trend** of my progress.
- As a user, I want a **calendar view** showing completed days.

Next Steps (Step 2)

- Create **low-fidelity wireframes** for:
 - 1 Dashboard
 - 2 Add/Edit Habit
 - 3 Streak Calendar
- Prepare 2–3 variations of Dashboard (different layouts/colors, light + dark theme).

- *Please review everyone if no changes, we'll proceed to wireframes.*
- Once Step 2 (wireframes) is ready I will attach PNG/PDFs.
